

Good Shepherd Catholic School

EVANGELISATION PLAN

Vision Statement

Good Shepherd Catholic School is an inclusive community growing together in faith guided by the Gospel teachings of Jesus Christ. Our school is dedicated to fostering life-long learning.

Mission Statement

By living our Catholic values and beliefs in partnership with parents, caregivers, parish and wider community we strive for educational excellence encapsulating the spiritual, cognitive, emotional, social and physical development of the child.

“Many Gifts, One Spirit”

Introduction:

The Church’s mission, received from Jesus Christ through the apostles, is to proclaim the Good News of Salvation to every human being.

‘Jesus Christ instituted his Church as the community of his followers, his Body in the world. He would be its Head, and all who believed and accepted Baptism would be his members. He gave his Church the mission of proclaiming his Gospel to every human person, and to baptise all who believed’

[Bishops Mandate para. 2]

Catholic schools have a vital part to play in the Church’s mission to the world today.

‘Evangelisation is the mission of the Church... she must proclaim the Good News of salvation to all. To carry out her saving mission, the Church uses, above all, all the means Christ has given her... She establishes her own schools because she considers them as privileged means of promoting the formation of the whole person...’

[The Catholic School 7, 8]

Mandate Letter to the Catholic Education Commission of Western Australia (2009-2015)

For a school to be Catholic, it must first be a good school. Otherwise it will be unable to fulfil its mission. With many other education traditions, the Catholic school's concept of education will be.

'the development of (students) from within, freeing them from that conditioning which would prevent them from becoming fully integrated human beings. The school must begin from the principle that its educational program is intentionally directed to the growth of the whole person.'

[Congregation for Catholic Education, 1977]

The Catholic school, however, differs in a fundamental way from those of other education traditions. What makes it distinctive is its vision of the 'fully integrated' human being.

The Catholic school differs from all others which limit themselves to forming men and women. Its task is to form Christian men and women, and, by its witness and teaching, to show non-Christians something of the mystery of Christ, who surpasses all understanding.

[Congregation for Catholic Education, 1977]

What is Evangelisation?

Evangelisation is everything we do that introduces, promotes, develops and gives witness to faith. It means bringing into fuller consciousness and into the practical life of the school what we are really on about. To evangelise is to be willing to share the good news about God with others. Evangelisation is about taking the risk to care for all people, inviting them to share in a Christian community in which they come to know God more fully, and in which they form a deeper relationship with God so God becomes central in their lives.

Evangelisation is an activity of faith, built upon the power of the message. It achieves its purpose gradually, for people need to accept the message for it to have its full effect. Evangelisation is any deliberate activity or action by which we cooperate with the self-revealing God. It involves sharing, risking and achieving.

Evangelisation:

'cannot attain its full meaning and vitality unless it issues in witness, stirs wonder and leads to conversion. Modern people listen more willingly to witnesses than to teachers and if they do listen to teachers, it is because they are witnesses'

[15, 21, 41, Evangelii Nuntiandi, 1975]

Evangelisation is inclusive of Primary Proclamation (the process to assist others to arrive at an initial belief in Jesus and develop an initial interest in following Him) and Catechesis (processes for sharing the Christian experiences of God and integrating these into the person's life experiences). Evangelisation is primarily about Christian Witness.

As educators and as a Church we need to acknowledge the, 'joys and the hopes, the griefs and the anxieties' (Gaudium Et Spes, 1) of the people we minister to. We need to acknowledge the current context or environment in which we live. These are the 'signs of the times,' and are needed to be continually worked with so that the Church and School Community embody the integration of faith, life and culture.

Philosophy of Good Shepherd Catholic School

Good Shepherd Catholic School was established as the teaching arm of the Catholic Church in the Lockridge Parish. The school's philosophy of education has an explicit and all-pervasive religious dimension. At the heart of this religious dimension is the task of the transmission of truths, values, beliefs and attitudes of the catholic Faith.

Good Shepherd Catholic School was established in 1983 and the Sisters of the Infant Jesus lived and worked in the Parish and the school until 1989. The Presentation Sisters moved to the Parish in 1990 and continue to work in the Parish today. The school is a co-educational institution providing primary education to approximately 470 children from Kindergarten to Year 6. The school is an integral part of the Good Shepherd Parish and there is a very close relationship between the parish and the school.

The school's motto: *Many Gifts, One Spirit* is lived out in our vision of 'an inclusive community, growing together in faith by living our Catholic values and beliefs.' Through such a vision the school is able to foster a Christian mentality in our society, and to encourage young people to contribute more broadly to the development of the kind of world envisaged by Christ.

Aims of Good Shepherd Catholic School

Good Shepherd Catholic School aims to foster the total development of each child within a caring and safe community that is totally committed to supporting the Catholic principles and ideals.

We strive to:

- foster children's faith in Christ so that they are able to become more like God;
- provide a total caring environment in which each child's dignity as God's creation is respected and developed;
- affirm, respect and develop the individuality and God-given gifts of each child, staff member and school community member;
- respect and develop in each person the God-given gift of free will;
- develop the parent's role in their children's education;
- provide enriched opportunities for each child to develop to their full potential - spiritually, academically, physically, socially and emotionally;
- provide opportunities for all children to develop culturally within their own environment and to understand, respect and embrace the cultures of others in our multicultural school;
- develop a staff community in which each person is encouraged to grow and develop in Faith for the benefit of themselves, the staff, the children and the wider school community;
- endeavour to work as a total school community in meeting the needs of each member.

GOOD SHEPHERD CATHOLIC SCHOOL PRAYER

Lord Jesus,

You are our Good Shepherd.

We thank you for our school,
our families and our friends.

May our school be a place of wonder,
where we love to learn and learn to love.

Where the lessons of today
prepare us for the challenges of tomorrow.

Help us grow in faith
always showing respect for others.

May we be always united
through Many Gifts, One Spirit.

Jesus the Good Shepherd

Pray for us.
